November 16, 2010

Discussion and Action:

Commissioners reviewed ideas for the Business and Workforce Development section of the city website. Ross presented a written suggestion for an overview page to explain the history and rationale behind the Economic Development Strategy. All agreed that it was well done and should be used, with some editing and condensing, on the site. Currie suggested that there should be a link to it from the first paragraph/item on the main page in the section. There was discussion about who the audience for the section should be. It was determined there were several constituencies including both various member groups of the community -- including government, civic and business -- as well as potential business owners and residents. Chair Weeks asked Ross and Currie to continue to develop the proposed pages of the website section along the lines discussed.

Next Meeting: Tuesday, December 7 at 5pm.

Adjourn: At 6:17 P.M. the meeting adjourned.

Signed: Gary Weeks (Title) Chairman (Date) 12-8-10
