B. CITIZENS COMMUNICATION: None

C. SUBCOMMITTEE REPORTS:

1. Transportation Master Plan Subcommittee: The subcommittee continues to address new streets, sidewalks and pedestrian ways in the central part of the City. It is also looking at sidewalk policies in the commercial areas along RR12 north of Cypress Creek, and along RR2325 west to Wimberley High School.

The Parks and Recreation Board has just updated the Wimberley Parks master Plan, and the TMP subcommittee plans discussions with this Board to coordinate the interface between proposed pedestrian circulation routes and current or future parks. Features like hike and bike trails can present an overlap between the two planning processes.

D. STAFF REPORTS:

1. Ranch Road 12 Crosswalks in the Square: The City Administrator reported that progress had been made in persuading TxDOT to address the need for crosswalk improvements in the Square. One of the possible marking techniques could be a new thermoplastic sheet product which is heat-bonded to the pavement. It comes in a variety of colors and textures, and he suggested that entities such as Keep Wimberley Beautiful might be enlisted to participate in the esthetic decisions.
