Subject: Minutes

Minutes of Mar. 27, 2007 Meeting, 5:45 p.m. Wimberley City Hall

Members Present: Anderson, Burleson, DeHart, Estepp, Jennett and Hollon  
City of Wimberley represented by City Administrator Don Ferguson and Councilman Curt Busk

There were no public comments.

#### Wastewater

Sewer line: GBRA is reviewing data to determine if it feasible to continue to the engineering plan stage.

Park Toilet: The City Council has approved and put out for bid installing toilet facilities at the Nature Park. Toilets will have to use an aerobic engineered system installed in the flood plain. Effluent will be chlorinated and have an alarm system, possibly with an automatic call system.

#### Water

City Council has agreed to help fund a study by GBRA to investigate bringing surface water from Lake Canyon to Wimberley.

The Board discussed ways to encourage citizens to use rainwater collection. If not a total system using rainwater for gardens rather than well water. Possibly the city could provide a water truck to help people using a rainwater collection system that have short-term problems with their systems.

#### Liaison Reports

Hollon reported the Wimberley Water Supply is applying to expand their CCN. Hollon reported that the Hays County Water Conservation District will conduct a hearing in Wimberley at the Community Center April 14, 2007 from 10:00 a.m. to 12:00 p.m. The hearing is to determine the desired future of the aquifer.

#### Work Session

Councilman Busk discussed some of the possible goals for this committee, mentioning support for the proposed sewer system, promoting rainwater collection, exploring possibility of getting surface water for Wimberley. Chairman Burleson asked for volunteers to attend City Council meetings.

Meeting Adjourned 8:00 p.m.  
Respectfully submitted, Pete Anderson

Next meeting 5:45 p.m. Tuesday, April 24, 2007 at City Hall.
