B. Project Information

B.1. Define and describe the region in which the investment (project) is located

Wimberley is located in Hays County, the fifth fastest growing county in the United States and the fastest growing county in the State of Texas. The heart and economic core of Wimberley is its central business district, commonly referred to as the Wimberley Square. Bounded by the Cypress Creek and Blanco River, the business district is facing serious wastewater issues which threaten the future of the district. The issues will be resolved by the project that will be developed in the business district.

B.2. Describe and outline the scope of work for the proposed EDA investment

The project involves the development of a centralized wastewater treatment system to serve the approximately 170 properties that make up the city's central business district. The wastewater system will protect the environment, preserve existing businesses and facilitate future economic development in the district.

B.3. Economic development needs

B.3.a. Does the region in which the project will be located have a Comprehensive Economic Development Strategy (CEDS)?

☐ Yes  If Yes, what is the source?

Capital Area Council of Governments CEDS

☐ No  If No, then please check one:

☐ B.3.a.i. An alternate strategic planning document that governs this investment is attached.

☐ B.3.a.ii. This investment is to develop a "strategy grant" to develop, update or refine a CEDS.
B.3.b. Describe the economic conditions of your region and the needs that this project will address.

Wimberley is located in Hays County, the fifth fastest growing county in the United States and the fastest growing county in the State of Texas. It features a tourist based economy with no ad valorem tax. The City relies largely on sales tax revenues to meet the needs of its residents and visitors. Steady growth has been reported in sales tax revenues in the last two (2) years. The heart and economic core of Wimberley is its central business district, commonly referred to as the Wimberley Square. Properties in this business district rely on largely outdated and inadequate septic systems, some of which are failing and causing serious environmental concerns. Many property owners do not have the financial means and almost no property owners have the additional land needed to bring their systems into compliance with current regulations. As a result, many could be forced to close their businesses if they are required to make their septic system compliant. This would have a devastating impact on the local economy, resulting in significant job loss and adversely impacting the local sales tax base. The current conditions limit the expansion of existing businesses in the subject area and all but prohibit new business development. The wastewater system that is the subject of this application will protect the environment, preserve existing businesses and facilitate future economic development in the district.

B.4. Applicant's capability

Briefly describe the applicant's capability to administer, implement, and maintain the project.

Utilizing a competitive bid process, the City will select and contract with a firm to construct the project. Also, the City will contract with a project manager to monitor project construction and compliance. Once constructed, the City will enter into a service contract with a private company to maintain and operate the treatment plant in accordance with the requirements of local, state and federal law.

B.5. List and describe the strategic partners and organizations to be engaged in this project

The project partners are the City of Wimberley and Texas Water Development Board.

B.6. Describe the investment (project) impact and fit with EDA funding priorities

This project will preserve, as well as, create jobs in the subject area and develop future economic opportunities.

B.7. Identify the proposed time schedule for the project

The current project time schedule calls for project construction to begin on or about September 1, 2016 with construction to be complete on or about September 30, 2017.

B.8. Economic impacts of the project

B.8.a. Please describe the economic impacts of the project:

In addition to protecting the environment and preserving existing businesses, the project will be an economic stimulus for the Wimberley area. Short term, it will create jobs and economic activity. Long term, it
Will facilitate responsible sustainable growth in an area of Texas that is projected to almost triple in population by the year 2040.

B.8.b. Please identify the total estimated jobs and private investment that is expected to be generated by this project:

B.8.c. Please identify the source of Estimates above (check as many as apply):

☐ Letters from Beneficiaries of the Project
☐ Input/Output Model (e.g. IMPLAN, REMI)
☐ Comparison to Similar Projects
☒ Other Method (specify below)

The above-mentioned creation and retention estimates come from discussions with merchants regarding the existing labor force in the subject service area and potential growth in the area resulting from the project.

B.9. Beneficiaries of the project

B.10. Non-EDA funding for the project

B.10.a. Are all non-EDA funds committed to the project, available as needed, and not conditioned or encumbered in any way that would preclude their use consistent with the purpose of the project?

☒ Yes
☐ No (explain below)

B.10.b. Identify the source, nature and amount of all non-EDA funds.

B.10.c. Does the applicant plan to seek other federal financial assistance as part of or in connection with this project? If so, please describe the source, amount and any terms and conditions of the funding, and when the funding will be available for use by the applicant.

☐ Yes (explain below)  ☒ No

B.10.d. Please attach documentation confirming non-EDA (matching or cost share) funding:

B.11. Justification for sole source procurement

Will you contract work to complete part or all of this project?

☐ B.11.a. No  ☒ B.11.b. Yes  If yes, will contracts be awarded by competitive bid?

☒ B.11.b.i. Yes  ☐ B.11.b.ii. No

If contracts will not be awarded by competitive bid, please provide a justification. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements.

B.12. Equipment

Will any funds be used to purchase equipment?

☐ B.12.a. No  ☒ B.12.b. Yes  If yes, will project funding be used to install the equipment?

☐ Yes  ☐ No

Please attach a list, including cost, description, purpose, and estimated useful life of any equipment that will be purchased as a part of this project.

B.13. Equipment

C. Regional Eligibility

C.1. Region

Define the area/region that is the basis for the applicant’s claim of eligibility. EDA will review and evaluate documentation submitted by the applicant to verify and determine eligibility.

Per capita income is the basis of economic distress cited for the project's eligibility. Statistical data obtained by the Capital Area Council of Governments from STATSAMERICA indicates the project is located in a region that has a per capita income that is, for the most recent period for which data are available, 80 percent or less of the national average per capita income. Specifically, the per capita income is 79.57% of the national average.
C.2. Source of data provided for regional eligibility determination

Check the box denoting what data source you used to establish eligibility:

☐ C.2.a. The most recent ACS data published by the U.S. Census Bureau.

☒ C.2.b. The most recent other federal data for the region in which the project is located (e.g., U.S. Census Bureau or the Bureaus of Economic Analysis, Labor Statistics, Indian Affairs, etc.).

☐ C.2.c. If no federal data are available, the most recent data available through the state government for the region in which the project is located.

☐ C.2.d. Other data to substantiate regional eligibility based on a "Special Need" as defined in 13 C.F.R. § 300.3.

Please attach a copy of the documentation used to support your claim of eligibility:

[Attach: Income Data.pdf]

C.3. Economic Distress

Check all that apply in establishing regional eligibility (see FFO for more details):

☐ C.3.A. Unemployment rate

☒ C.3.B. Per capita income

☐ C.3.C. Special need, including:
  
  ☐ Substantial out-migration or population loss;

  ☐ Underemployment; that is, employment of workers at less than full-time or at less skilled tasks than their training or abilities permit;

  ☐ Military base closure or realignment, defense contractor reductions-in-force, or U.S. Department of Energy defense-related funding reductions;

  ☐ Natural or other major disasters or emergencies;

  ☐ Extraordinary depletion of natural resources;

  ☐ Closing or restructuring of an industrial firm or loss of other major employer;

  ☐ Negative effects of changing trade patterns; or

  ☐ Other circumstances set forth in the applicable FFO (please explain below).

C.4. Substantial direct benefit

If the project does not meet any of the criteria above, is it located in an Economic Development District (EDD), and will it provide substantial direct benefit to residents of an area within that EDD that does meet the distress criteria?

☐ Yes ☐ No

Which Economic Development District?
Please explain how the proposed project will provide a substantial direct benefit to this geographic area within the EDD.

D. Budget and Staffing
To be completed by applicants for non-construction assistance only

D.1. Budget justification

D.2. Indirect costs

D.3. Key applicant staff

E. Administrative Requirements

E.1. Civil rights

E.1.a. Does the applicant understand and agree to comply with all applicable civil rights requirements (see 13 C.F.R. § 302.20)?

☒ Yes ☐ No (explain below)

E.1.b. Do identified "Other Parties," businesses that will create and/or save fifteen or more jobs as a result of the EDA project, understand and agree to comply with all applicable civil rights requirements, including the requirement to provide signed assurances of compliance (ED-900B)?

☒ Not Applicable (No Other Parties Identified) ☐ Yes ☐ No (explain below)
E.2. Lobbying certifications

Will you be able to comply with federal requirements regarding lobbying?

☑ Yes  ☐ No (explain below)

E.3. Compliance with Executive Order 12372, State Single Point of Contact (SPOC)

Does the state in which the project will be located have a project review process that requires submission to a Single Point of Contact (SPOC)?

☑ E.3.a. No. Go to Question E.4

☐ E.3.b. Yes

If Yes, does this request for EDA investment assistance meet the SPOC process established by the state?

☐ E.3.b.i. No  ☐ E.3.b.ii. Yes

Please explain why not

If Yes, were SPOC comments/clearance received?

☐ E.3.b.ii.a. Yes

Please attach the comments/clearance:

☐ E.3.b.ii.b. No. The review period has expired and no comments were received.

☐ E.3.b.ii.c. No. Comments have been requested but the review period has not yet expired.

Please attach evidence of your request for comments:
E.4. Single Audit Act Requirement

E.4.a. Does the applicant understand and agree to the requirements of subpart F of 2 C.F.R. part 200 regarding federal audits?

☒ Yes ☐ No

E.4.b. Is the applicant currently audited under the Single Audit Act?

☒ E.4.b.i. No

☐ E.4.b.ii. Yes, If yes:

E.4.b.ii.a. What is the date of the most recent audit? 

☐ Yes ☐ No

E.4.b.ii.b. Was this audit submitted to the Federal Audit Clearinghouse?
F. Requirements for Non-Governmental Applicants (Excluding Public Universities and Certain District Organizations)

As indicated below, non-governmental applicants (excluding public universities and district organizations) must also provide a copy of the following items, either using the Attachments form that is part of the application package downloaded from www.Grants.gov or providing a hard copy.

F.1. Non-profit organizations must provide a current Certificate of Good Standing from the State in which they are incorporated.

F.2. New non-profit organization applicants must provide their Articles of Incorporation and By-Laws. Non-profits with an active EDA grant must either provide a) a revised copy of their Articles of Incorporation or By-Laws if these have been amended or b) a statement certifying that there has been no change in the organization’s Articles of Incorporation or By-Laws.

F.3. Non-profit organizations must provide a resolution passed by a general purpose political subdivision of a State (e.g., local government entity) or a letter signed by an authorized representative of a local government acknowledging that the applicant is acting in cooperation with officials of the political subdivision. EDA may waive this requirement for certain projects of significant regional or national scope (see 13 CFR § 301.2(b)).

F.4. If applying for a construction or RLF investment, an applicant must afford the appropriate general purpose governmental authority a minimum of 15 days to review and comment on the proposed project (13 CFR § 302.9(a)).

Will the applicant be able to provide these comments?

☐ Yes
☐ Not applicable, because the applicant is not applying for a construction or RLF grant
☐ Not applicable, because this requirement has been satisfied under an existing RLF plan
☐ No, for another reason (explain below)
Instructions for Form ED-900

A. Applicant Information

A.1. EDA Application Identifier – If EDA has previously provided an identifier for your proposal/application, please enter that identifier here. Otherwise, leave blank.

A.2. Please identify all applicants for this project:

The Lead Applicant should be the party who is responsible for handling disbursement of funds and reporting to EDA.

Note that Sam.gov registration is required of all EDA applicants and awardees. Please list the relevant CAGE Code and SAM.gov expiration data for all applicants and co-applicants (if any).

B. Project Information

B.1. Define and describe the region in which the investment (project) is located

Clearly and concisely describe the region where the project will be located, including the specific geographic location of the project within the region, as well as background on the assets of the area, which may include clusters, and workforce, physical, educational and financial infrastructure.

B.2. Describe and outline the scope of work for the proposed EDA investment

List specific activities that will be undertaken and the specific deliverables that will be produced as a result of this investment. The description of the proposed project must include a clear statement of the overall purpose of the project, and key milestones and an associated schedule for when the project could start, when key milestones could be achieved, and when the project is anticipated to be completed.

Applicants for construction assistance (including design and engineering assistance) should also include a statement of project components. Indicate if the proposed project involves the construction of a new facility or facilities or the enlargement, expansion, renovation, or replacement of an existing facility or facilities. Describe the existing facility and proposed project components in terms of dimensions, capacities, quantities, etc.

Applicants for Partnership Planning Assistance should provide a narrative on the economic development activities that will be undertaken including managing and maintaining the CEDS process.

Applicants for Short Term Planning Assistance should provide a narrative explaining how the proposed scope of work will enhance economic development planning capacity of the identified region. Include any relationship or collaboration with other public and private entities. Please explain how the strategy will expand the capacity of public officials and economic development organizations to work effectively with employers and enable the region to plan and coordinate the use of available resources to support economic recovery and the development of a regional economy and/or develop innovative approaches to economic revitalization in the region.

Applicants for State Planning Assistance should provide a narrative outlining the proposed scope of work for the project. Include the relationship to any existing CEDS or similar planning processes in the region and the goals and objectives of the proposed project.
B.3. Economic development needs

Except for grants to fund developing, updating or refining a CEDS as described in 13 C.F.R. § 303.7, the region in which Public Works or Economic Adjustment projects will be located must have a CEDS with which the project is consistent.

B.3.a. Does the region in which the project will be located have a Comprehensive Economic Development Strategy (CEDS)?

If Yes, what is the source? Note: If you are unsure if your region has a CEDS, please contact your local District Organization. In areas without a District Organization, CEDS may also be obtained at the City, County, or State level.

If No, then please check one of the indicated options:

B.3.a.i. There is an alternate strategic planning document that will govern this investment. Please identify the strategy and provide a copy of this planning document, either by attaching the document to this application or submitting a hard copy.

B.3.a.ii. This investment is to create a strategy plan to develop, update or refine a CEDS. Please explain how the strategy will expand the capacity of public officials and economic development organizations to work effectively with employers and enable the region to plan and coordinate the use of available resources to support economic recovery and the development of a regional economy and/or develop innovative approaches to economic revitalization in the region.

B.3.b. Briefly describe the economic conditions of the region described in B.1, as well as the economic adjustment problems or economic dislocations the region has experienced (or is about to experience) and the regional impact of these conditions. How does the project address the economic development needs of the region and the goals and objectives of the CEDS for the region or the alternate strategic planning document described in section b below? See 13 C.F.R. part 303.

B.4. Applicant’s capability

Briefly describe the applicant’s capability to administer, implement, and maintain the project.

B.5. List and describe strategic partners and organizations to be engaged in this project

Describe existing regional partnerships (if any) that are directly engaged in supporting the proposed project, including a discussion of the extent of participation of government agencies, private sector interests, education providers, non-profits, community and labor groups, workforce boards, utilities, etc.

B.6. Describe the investment (project) impact and fit with EDA funding priorities

Concisely document how the proposed project aligns with one or more of EDA’s investment priorities. Applicants that propose projects that do not align with EDA’s investment priorities will not be as competitive as those that do. Applicants are strongly encouraged to review EDA’s investment priorities, as outlined in the applicable Federal Funding Opportunity (FFO) announcement on www.Grants.gov.

B.7. Proposed time schedule for the project

Provide a proposed time schedule for completion of the project, including when (month/year) the project will begin and end. Explain any potential issues that could affect project implementation.
B.8. Economic impacts of the project

Provide a clear and compelling justification for the long-term potential economic impact of the proposed project, through anticipated job creation or retention, private investment leveraging, number of businesses or collaborations supported, or other appropriate measures. All job and private investment estimates should reflect the anticipated impact within nine years of the potential EDA investment. Applicants must attach letters of commitment from any identified beneficiaries.

For all other measures, applicants should clearly identify the expected time frame. In all cases, applicants must document the benefit and provide third-party data or information available to support these claims.

B.9. Beneficiaries of the project

If applicants have identified specific private sector employers that are expected to create and/or save jobs as a result of the project, applicants should list those beneficiaries in the table provided. All job and private investment estimates should reflect the anticipated impact within nine years of the potential EDA investment.

NAICS Code: The NAICS code for the major industry category of the beneficiary company (see www.naics.com for a searchable list).

Jobs Created: The number of jobs that the company expects to create as a result of the project.

Jobs Retained: The number of jobs that the company expects to retain as a result of the project.

Private Investment: The amount of private investment that the company expects to make in its business/community as a result of the project.

Form ED-900B must be completed by each beneficiary that expects to create and/or save fifteen or more jobs as a result of the project.

B.10. Non-EDA funding for the project

Select the appropriate response to each question. Applicants should identify the source, nature and amount of all non-EDA funds, including in-kind contributions (non-cash contributions of space, equipment, services, or assumptions of debt). Explain the status of all funding commitments, including the date the funds will be available from each source, and describe any conditions or restrictions on the use of such funds. If in-kind contributions are included, explain the basis on which they are valued. If so, please describe the source, amount and any terms and conditions of the funding, and when the funding will be available for use by the applicant. Please attach evidence of commitment from all funding sources. For example, if bonds are contemplated as match, counsel opinion of the applicant’s bonding authority and eligibility of the bonds for use as match, along with full disclosure of the type of bonds and the schedule of the applicant’s intended bond issue, are required.

B.11. Justification for sole source procurement

Select the appropriate response to each question.

B.12. Equipment

Select the appropriate response to each question.
C. Regional Eligibility

Public Works and Economic Adjustment Assistance projects must satisfy regional eligibility requirements (see FFO for more details). This section will assist EDA in determining if the proposed project satisfies these eligibility requirements.

Planning and Technical Assistance applications: although meeting specific distress criteria is not a prerequisite for funding under these programs, the economic distress level of the region impacted by a project serves as the basis for establishing the EDA share of the total cost of the project and can inform competitiveness.

Please answer all questions completely and accurately and attach explanations and supporting documentation where applicable.

C.1. Region

Clearly define the area/region that is the basis for your claim of eligibility.

C.2. Source of data provided for regional eligibility determination

Check the appropriate box denoting what data source you used to establish eligibility. Please attach data used to establish eligibility.

C.3. Economic Distress

Check all that apply in establishing regional eligibility (see FFO for more details):

C.3.A. Unemployment rate: The project is located in a region that has an unemployment rate that is, for the most recent 24-month period for which data are available, at least one percentage point above the national unemployment rate.

C.3.B. Per capita income: The project is located in a region that has a per capita income that is, for the most recent period for which data are available, 80 percent or less of the national average per capita income.

C.3.C. Special need: The project is located in a region that has experienced or is about to experience a "Special Need" (as defined in 13 C.F.R. § 300.3) arising from actual or threatened severe unemployment or economic adjustment problems resulting from severe short-term or long-term changes in economic conditions, including: Substantial out-migration or population loss; Underemployment, that is, employment of workers at less than full-time or at less skilled tasks than their training or abilities permit; Military base closure or realignment, defense contractor reductions-in-force, or U.S. Department of Energy defense-related funding reductions; Natural or other major disasters or emergencies; Extraordinary depletion of natural resources; Closing or restructuring of an industrial firm or loss of other major employer; Negative effects of changing trade patterns; or other circumstances set forth in the applicable FFO.

C.4. Substantial Direct Benefit

A project located within an Economic Development District (EDD) that is located in a region that does not meet the economic distress criteria set forth in section C.3 above, is also eligible for EDA investment assistance if EDA determines that the project will be of "substantial direct benefit" to a geographic area within the EDD that meets the distress criteria set forth in question C.3 above by providing significant employment opportunities for unemployed, underemployed, or low-income residents of the distressed geographic area within the EDD. If applicable, identify the EDD in which the proposed project will be located, as well as the geographic area within the EDD that meets the economic distress criteria detailed in section C.3., and explain how the proposed project will provide a substantial direct benefit to this geographic area within the EDD. (See FFO for more details.)
D. Budget and Staffing

To be completed by applicants for non-construction assistance only

D.1. Budget justification

Provide a clear budget justification that identifies how funds in each line item of the budget will be utilized to support the proposed project. Explain the proposed use of any amounts budgeted for "Equipment," "Contractual," or "Other," if any, on Form SF-424A, Budget Information - Non-Construction Programs.

D.2. Indirect costs

Explain the types of indirect costs, if any, on Form SF-424A. If there are any indirect costs, please submit a copy of the current Indirect Cost Rate Agreement that your organization has with its cognizant Federal agency.

D.3. Key applicant staff

Identify key applicant staff who will undertake and complete project activities. Include a description of the knowledge, organizational experience, and expertise of individual staff members. In addition, explain how organizational resources will be used to complete project activities. For National Technical Assistance, Training and Research and Evaluation projects, specify which positions will be charged to the federal and non-federal portion of the project budget.

E. Administrative Requirements

E.1. Civil rights

Select the appropriate response, providing an explanation if "no."

E.2. Lobbying certifications

All applicants for federal financial assistance must certify that federal funds have not been used and will not be used for lobbying in connection with this request for federal financial assistance (Form CD-511). If non-federal funds have been or are planned to be used for lobbying in connection with this request for federal financial assistance, Form SF-LLL also must be completed. Applicants must comply with 13 C.F.R. § 302.10 regarding attorneys' and consultants' fees and the employment of expediters. This regulation requires that applicants identify and disclose the amount of fees paid to anyone engaged to assist the applicant in obtaining assistance under the Public Works and Economic Development Act of 1965 (PWEDA), as amended.

E.3. Compliance with Executive Order 12372, State Single Point of Contact (SPOC)

Select the appropriate response to each question, please attach any comments that have been received. If the comment period has not yet expired or comments were not received, attach evidence of your request for comments.

E.4. Single Audit Act Requirement

Select the appropriate response to each question.
F. Requirements for Non-Governmental Applicants (Excluding Public Universities and Certain District Organizations)

As indicated, non-governmental applicants must also provide a copy of the requested items, either using the Attachments form that is part of the application package downloaded from www.Grants.gov or submitting a hard copy. Public Universities and Certain District Organizations may be exempt from this requirement, please contact your Regional Office to determine the requirements applicable to your organization.
ED-900A - Additional EDA Assurances for Construction Or Non-Construction Investments

For ALL investments: As a duly authorized representative of the applicant, I further certify that the applicant:

1. Understands that attorneys' or consultants' fees, whether direct or indirect, expended for securing or obtaining EDA investment assistance are not eligible costs. See 13 C.F.R. § 302.10(a).

2. Understands that conflicts of interest or appearances of conflicts of interest are prohibited and may jeopardize this application or result in the forfeiture of investment funds. A conflict of interest occurs, for example, where a representative, official, employee, architect, attorney, engineer, or inspector of the applicant, or a representative or official of the federal, State or local government, has a direct or indirect financial interest in the acquisition or furnishing of any materials, equipment, or services to or in connection with the project. See 13 C.F.R. § 302.17.

3. Will comply with the reporting requirements under the Government Performance and Results Act (GPRA) of 1993 and the GPRA Modernization Act of 2010 (GPRAMA) for measuring and reporting project performance.

For CONSTRUCTION investments: As a duly authorized representative of the applicant, I further certify that the applicant:

1. Will operate and maintain the facility in accordance with at least the minimum standards as may be required or prescribed by applicable federal, State and local agencies for the maintenance and operation of such facilities.

2. Will require the facility to be designed to comply with the Americans with Disabilities Act of 1990 (ADA) (42 U.S.C. 12101 et seq.), the Architectural Barriers Act of 1968 (42 U.S.C. 4151 et seq.) and the Accessibility Guidelines for Buildings and Facilities regulations, as amended (36 C.F.R. part 1191), and will be responsible for conducting inspections to insure compliance with these requirements.

3. For the two-year period beginning on the date EDA investment assistance is awarded, will refrain from employing, offering any office or employment to, or retaining for professional services any person who, on the date on which the investment assistance is awarded or within the one-year (1) period ending on that date, served as an officer, attorney, agent or employee of the Department of Commerce and occupied a position or engaged in activities that EDA determines involved discretion with respect to the award of investment assistance under PWEDA. See section 606 of PWEDA and 13 C.F.R. §302.10(b).

4. Will have no facilities under ownership, lease or supervision to be utilized in this project that are listed or under consideration for listing on EPA's List of Violating Facilities.

5. Will comply with Executive Order 12699, "Seismic Safety of Federal and Federally Assisted or Regulated New Building Construction," which imposes requirements that federally-assisted facilities be designed and constructed in accordance with the most current local building codes determined by the awarding agency or by the Interagency Committee for Seismic Safety in Construction (ICSSC) and the most recent edition of the American National Standards Institute Standards A58, Minimum Design Loads for Buildings and Other Structures.
6. Will observe and comply with federal procurement rules, as set forth in 2 C.F.R. part 200, as applicable, for award of any contracts for architectural engineering, grant administration services, or construction financed with EDA investment assistance.

For **NON-CONSTRUCTION** investments: As a duly authorized representative of the applicant, I further certify that the applicant:

1. Will comply with applicable regulations regarding indirect cost rates, if indirect costs are included in the application.
2. Will comply with the requirement that this investment assistance will not provide a proprietary benefit to a private individual, for-profit corporation, or other commercial entity.

A. Metropolitan Area Review

A.1. Projects involving the development of hospitals, airports, libraries, water supply and distribution facilities, sewage and waste treatment works, highways, transportation facilities, water development, or land conservation within a metropolitan statistical area (MSA) require comments from the metropolitan area clearinghouse/agency. Does the proposed project involve any of the above identified developments within an MSA?

☒ Yes  ☐ No

A.2. If Yes, please attach either:

☐ Comments from the responsible metropolitan area clearinghouse/agency and a statement that such comments have been considered; or

☒ An explanation as to why comments are not available; or

☐ A statement indicating the date the application was made available to the appropriate metropolitan area clearinghouse/agency and units of general local government for review and certifying that the application has been before the metropolitan area clearinghouse/agency for a period of 60 days without comments or recommendations.

B. District Organization Project Administration

B.1. Will the District Organization for the region in which the project will be located administer the project for the applicant?

☐ Yes  ☒ No

B.2. If Yes, you must certify to all of the following and indicate your certification by checking each box:

☐ The administration of the project is beyond the capacity of the applicant’s current staff and would require hiring additional staff or contracting for such services;

☐ No local organization/business exists that could administer the project in a more efficient or cost-effective manner than the District Organization; and

☐ The District Organization will administer the project without subcontracting the work.

B.3. If the project will be administered by the District Organization and you did not certify to all of the above, explain below.
C. Preliminary Engineering Report

To be considered for assistance, all construction and design applications must include a Preliminary Engineering Report (PER) that at a minimum provides the following information:

C.1. **Description of project components.** Provide a general description of all project components involved in the project. Indicate whether the project involves the construction of new infrastructure or facilities or the renovation or replacement of existing ones. Describe each of the project components in terms of dimensions, quantities, capacities, square footage, etc.

C.2. **A statement verifying that the project components described in the engineering report are consistent with the EDA investment project description that is provided in Section B.2 of Form ED-900.** Engineering reports that describe project components that are inconsistent with the EDA investment project description in Section B.2 of Form ED-900 will not be considered valid.

C.3. **Drawings showing the general layout and location of the existing site conditions and of the project components as well as location of any project beneficiary identified in Section B.9 of Form ED-900 that provide economic justification for the project, if any.** Rough dimensions and quantities for major project components should be shown and labeled on the drawings. Drawings should clearly identify the project components that are being proposed. Applicants are encouraged to clarify such drawings, for example, through color coding, labeling, and other appropriate methods.

C.4. **A feasibility analysis for the constructability of the project.** Include a review of the existing conditions and note particular features, alignments, and circumstances affecting construction of project components.

C.5. **The proposed method of construction.** Indicate whether construction procurement will be done through competitive bid or other method. Indicate if any portion of the project is to be done by design/build, construction management at risk, the applicant’s own forces or a third-party construction manager. If an alternate construction procurement method (other than traditional design/bid/build with sealed competitive bid process) is proposed, a construction services procurement plan must be provided to EDA for approval in accordance with EDA’s regulation at 13 C.F.R. § 305.6(a).

C.6. **The number of construction contracts anticipated.** If multiple contracts are proposed, describe the project components included in each contract. If separate contracts are anticipated for demolition or site work, the budget information cost classification should reflect the estimated costs for these components. If project phasing is proposed, a project phasing request must be provided to EDA for approval per EDA’s regulation at 13 C.F.R. § 305.9(a).

C.7. **A current detailed construction cost estimate for each of the project components.** Show quantities, unit prices, and total costs and provide a basis for the determination of construction contingencies. The total of this estimate should match the construction line item of the SF-424C.

C.8. **Real property acquisition.** If the budget includes costs for acquisition of real property, include a current fair market value appraisal completed by a certified appraiser for the property to be purchased.
C.9. A list of all permits required for the proposed project and their current status. Identify all permits required; include the timeline to obtain the permits and discuss how the permitting relates to the overall project schedule. If the project crosses a railroad right-of-way or is within a railroad right-of-way, explain any permitting or approvals that may be required from the railroad or other authority and the timeframe for obtaining these permits or approvals.

C.10. An overall estimated project schedule. This schedule should agree with the project schedule outlined in the ED-900. Include the number of months for each of the following:
   i. design period;
   ii. period of time to obtain required permits;
   iii. period of time to obtain any required easements or rights-of-way;
   iv. solicitation of bids and awarding of contracts, and
   v. construction period.

C.11. Overall project budget breakdown. For each “cost classifications” line item that the applicant indicates will be included in the project budget on Form SF-424C, the applicant must provide a breakdown of the proposed project costs and tasks that is consistent with the detailed construction cost estimate for the project provided in the PER.

D. Title Requirements

D.1. Does the applicant currently hold title to all project facilities, underlying land, necessary easements, and rights-of-way required for the project?

☐ Yes (go to question D.2)  ☒ No (explain below)

D.1.a. If No, does the applicant plan to obtain title?

☒ D.1.a.i. Yes

How and when will the applicant obtain title? (After answering, go to question D.2)

The City of Wimberley will own the project and be responsible for operation, maintenance and management of the entire project. The treatment plant and lift station will be located on property currently owned by the city. The collection system will be located largely in the public right-of-way. Some of the collection system will be located within wastewater easements to be obtained by the city from private property owners. All easements will be obtained prior to the project being put out to bid.

☐ D.1.a.ii. No

Please explain why not
D.1.b. If you indicated that the applicant does not currently have title and does not intend to obtain title, does the applicant hold a long-term lease or hold interest in project property for a period not less than the estimated useful life of the project?

☐ D.1.b.i. Yes. Go to question D.2

☐ D.1.b.ii. No. Please explain below how the applicant will satisfy EDA’s title regulation at 13 C.F.R. § 314.7.

D.2. Will the applicant provide EDA a security interest and/or covenant of use in the real property or significant items of tangible personal property acquired or improved with EDA investment assistance? See 13 C.F.R. § 314.9.

☒ Yes ☐ No (explain below)

D.3. Will real property or project facilities to be acquired or improved with EDA investment assistance, including any industrial or commercial park acreage, be mortgaged or used to collateralize any type of financing, including but not limited to bonds or tax credits, or is any real property to be used for the project currently mortgaged or being used as collateral?

☐ Yes (explain below) ☒ No

D.4. Describe any required State permits, easements, rights-of-way or leases necessary to construct, operate, and maintain the project.

Recently the city joined with concerned citizens and the state to draft an operating permit required for the project that includes enhanced wastewater treatment requirements, effluent discharge limitations, comprehensive water quality testing and effluent reuse. These were some of the key issues identified in a long series of community meetings held on the project. The draft permit is awaiting the signature of the TCEQ Executive Director. As for required easements and real property to be acquired for the project, negotiations are currently underway with the affected property owners.

D.5. Describe any liens, mortgages, other encumbrances, reservations, reversionary interests or other restrictions on the applicant's interest in the property.

The site for the proposed treatment plant is currently located on city park property that was acquired and developed with federal and state park funding. As such, the city going through the required park land conversion process to remove the subject site from within the boundary of the park, making it no longer park land. The time frame for completion of the conversion is 60 days.
D.6. Is the project located on a military or Department of Energy installation that is closed or scheduled for closure or realignment?

☐ Yes    × No

D.7. Does the project involve construction within a railroad’s right-of-way or over a railroad crossing?

☐ Yes (explain below) × No

D.8. Does the project include construction of a highway owned by a State or local government (other than the applicant)?

☐ Yes (explain below) × No

E. Sale or Lease

E.1. Does the applicant intend to sell, lease, transfer, dedicate or otherwise convey any interest in the project facilities, underlying land, or any land improved with EDA investment assistance?

☐ Yes (explain below) × No
E.2. Is the purpose of the project to construct facilities to serve an industrial or commercial park or sites owned by the applicant for sale or lease to private parties?

☒ No ☐ Yes

Identify the owners of the acreage, provide an estimate of the number of acres benefiting from the proposed investment and explain how EDA’s requirements will continue to be met after any sale or lease.

Note: Applicants may be asked to provide documentation that EDA’s requirements will continue to be met after the sale or lease of project property.

E.3. Is the purpose of the project to construct facilities to serve a privately owned industrial or commercial park or sites for sale or lease?

☒ No ☐ Yes

If Yes, identify the owners of the acreage, estimate the number of acres benefiting from the proposed investment, and explain below how EDA’s requirements will continue to be met after the sale or lease. Note that certain EDA requirements attached to the property will survive any sale or transfer of the property. In addition, EDA may require evidence that the private party has title to the park or site prior to such sale or lease and condition the award of investment assistance upon assurances given by the private party that EDA determines are necessary to ensure consistency with the project purpose. See 13 C.F.R. § 314.3(c) and § 314.7.

E.4. For privately owned land improved by the proposed project, is the private owner willing to enter into an agreement to limit the sale price of the improved land to its fair market value before the improvements for a reasonable period of time?

☐ Yes (explain below) ☒ No/Not applicable (no private owners)
E.5. Is the purpose of the project to construct, renovate or purchase a building?

☐ Yes (explain below)  ❋ No

E.5.a. Will the building be leased in whole or in part?

☐ Yes (explain below)  ☐ No

E.5.b. Is the purpose of the building to provide incubator space to new companies?

☐ Yes (explain below)  ☐ No

E.5.c. Will there be limitations on the length of the lease term?

☐ Yes (explain below)  ☐ No

E.5.d. Is the purpose of the project to provide building space to a single user or multiple users?

☐ Yes  ☐ No

E.5.e. Explain below the terms of any proposed lease.
F. State Historic Preservation Requirements

Have comments from the appropriate State Historic Preservation Officer (SHPO) already been received?

☑ Yes (attach comments) ☐ No

Note: If comments have not already been received, the applicant will be required to submit materials to SHPO. Regardless of whether the applicant believes historic or archaeological artifacts are present, the applicant will be required work with its SHPO. Specific requirements for states’ SHPOs can generally be found on their websites. Applicants can also request additional information from EDA Regional Offices.

Please note that the SHPO clearance process can be lengthy. When submitting this material to the SHPO, the applicant must request that the SHPO submit comments on the proposed project to the EDA Regional Office processing the application.

G. National Environmental Policy Act (NEPA) Requirements

G.1. Please attach an environmental narrative and applicant certification clause using the template found on www.eda.gov.

Federal agencies are required by law to assess the expected environmental impacts associated with proposed federal actions. Depending on its analysis of information submitted by the applicant, EDA may request additional information to better understand the current environmental conditions and the project elements that will affect the environment.

Comprehensive information is required to complete an environmental review in accordance with NEPA. Information must be provided for the:

(i) site where the proposed project facilities will be constructed and the surrounding areas affected by its operation; and

(ii) areas to be affected by any primary beneficiaries of the project.

(iii) The information submitted must be sufficient to evaluate all reasonable alternatives to the proposed project and the direct and indirect environmental impacts of the project, as well as the cumulative impacts on the environment as defined in the regulations for implementing the procedural provisions of NEPA. See 40 C.F.R. parts 1500-1508.

The level of detail should be commensurate with the complexity and size of the project and the magnitude of the expected impact. Previously completed environmental impact documentation (assessments, impact statements, etc.) for activities in the region in which the proposed project will be located may be used as documentation.
H. Business Incubators and Accelerators

Does the applicant intend to construct or renovate a business incubator, accelerator, commercialization center, or similar project?

☒ No ☐ Yes

Please attach a feasibility study demonstrating the need for the Project and an operational plan based on industry best practices demonstrating the Eligible Applicant’s plan for ongoing successful operations. See the applicable FFO for additional information and guidance.

ED-900E – Calculation of Estimated Relocation and Land Acquisition Expenses

a. Are relocation expenses part of the proposed project's EDA budget?  ☒ Yes  ☐ No

b. Will the proposed project cause the displacement of individuals, families, businesses or farms?  ☐ Yes  ☒ No

If Yes, explain how relocation procedures will comply with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1990 (13 C.F.R. § 302.5; see Certification #11 on Form SF-424D, ‘Assurances - Construction Programs', for an explanation of this requirement.)

All applicants must complete the "Calculation of Estimated Relocation and Land Acquisition Expenses" form (below), and enter the estimated total for "costs incidental to land acquisition" (line item 1) on line item 3 ("relocation expenses and payments") of Form SF-424C, 'Budget Information - Construction Programs.' This is separate from the estimated purchase price of the property.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this application.

2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.

3. Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure nondiscrimination during the useful life of the project.

4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.

5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.

6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.

7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).

9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.

10. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681, 1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicap; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§623 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.

12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

14. Will comply with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is $10,000 or more.

15.
