

RESOLUTION NO. R-003-2000

No written resolution. See minutes of 8/24/00.

RESOLUTION TO ADOPT A 90-DAY WORK PLAN TO INCLUDE: INTERIM ZONING ORDINANCE; ADOPTION OF A BUILDING CODE; APPOINTMENT OF A PLANNING COMMISSION; ADOPTION OF A SUBDIVISION ORDINANCE; AND APPOINTMENT OF A WATER/WASTEWATER ADVISORY BOARD.

Alderman Walter Brown stated he believed all these items could be accomplished within the time frame outlined. It is obvious that the Council cannot do everything and will have to depend heavily on volunteer committees and advisory boards. Citizens need to be involved in making those decisions. When the Planning Commission is formed, it will meet regularly to hear cases.

Alderman Klepfer stated he would bring to the next council meeting a proposal to set up a water/Wastewater and Road Advisory Board. Motion was made by Alderman Brown to approve Item G and stated that by next Council meeting he will have a timeline graph illustrating everything we hope to accomplish. Seconded by Alderman Manis, the motion was approved 5-0.
