Mr. Shawn Cox, City Administrator  
City of Wimberley  
221 Stillwater  
Wimberley, Texas 78676

Re: Clean Water State Revolving Fund Project

Mr. Cox:

Thank you for your letter to Dain Larsen dated June 28, 2019 responding to his request for a timeline implementing the change in project scope requested by City of Wimberley's (City) for its Clean Water State Revolving Fund project. You identified progress on each of the four items required to approve the City's proposed change order, but to date, none of the items are complete. Briefly, the four items are:

1. Exchange refunding of the City's revenue bonds;
2. An executed wholesale wastewater treatment service contract between the City and Aqua Texas;
3. Documentation the City has purchased the property necessary to complete the project;
4. Issuance of an updated favorable environmental determination.

I also understand the City has inquired as to the option to revert to the original project involving the construction of a City-owned wastewater treatment plant. At this point, a favorable recommendation to return to the original project is not possible.

Please provide a timeline to accomplish the items listed above. If the City is unable to adopt a bond ordinance to exchange refund the outstanding revenue bonds by September 6<sup>th</sup>, the TWDB will take action in accordance with available remedies.

If you have any questions, please feel free to reach out to Mr. Larsen at 512-463-1618.

Thank you,

Jessica Zuba  
Deputy Executive Administrator  
Water Supply and Infrastructure

## Our Mission

To provide leadership, information, education, and support for planning, financial assistance, and outreach for the conservation and responsible development of water for Texas
